Procedures

1. Recruitment, selection, induction and training procedures for trustees, staff and volunteers

Home-Start takes all possible steps to ensure that children are kept safe through:

- safer recruitment processes for all trustees, staff and volunteers
- planned induction of all trustees, staff and volunteers, to include signed and dated confirmation of their understanding and acceptance of the safeguarding/child protection policy and procedures and code of conduct
- clear safeguarding/child protection procedures to inform new trustees, staff and volunteers about the appropriate action to take in the event of concerns about a child
- volunteers' attendance at the Home-Start Course of Preparation in full; all volunteers accessing safeguarding/child protection refresher training, in accordance with HSUK guidance
- staff attendance at local safeguarding/child protection training, and accessing ongoing and refresher training in accordance with Home-Start guidance
- trustees accessing effective guidance, training and support to ensure that they are able to work within these procedures

2. Ongoing support and supervision for staff and volunteers

Home-Start ensures that all volunteers and staff, including the senior worker, access regular, recorded support and supervision in line with Home-Start guidance, and are clear about their role and responsibilities, through:

- the implementation of the Home-Start standards and methods of practice and safeguarding/child protection code of conduct for trustees, staff and volunteers
- Identifying personnel to hold the Strategic Lead and designated responsibilities within Home-Start. (see Appendix 2 below)
- procedures to structure the management of any allegations of abuse against trustees, staff or volunteers

3. Information Sharing

Home-Start has clear expectations of all trustees, staff and volunteers for sharing information about families, parents, children and young people:

- all families supported are made aware of Home-Start's safeguarding/child protection and confidentiality policies
- a factual dated and signed/initialled record of contact with the family and of any concerns about a child(ren) in families supported are kept in line with Home-Start's record keeping and record retention procedures
- Home-Start recognises the importance of sharing information to protect children and normally the disclosure of the confidential information to any other person may only be undertaken with the expressed permission of the parents for the purpose of assisting the family *however* where it is considered necessary for the welfare and protection of a child, information will be shared with the appropriate authority and families will be kept informed of Home-Start's actions unless to do so would put the child at greater risk of harm

4. Local Partnerships and Procedures

Protecting children is a shared responsibility. In order to fulfil its responsibilities in promoting the welfare and safety of children Home-Start:

- maintains effective links with organisations working with children and their families within the community
- participates in local partnership arrangements designed to protect children and promote their wellbeing
- takes part in local multi-disciplinary training and integrated working in order to maintain an up-to-date understanding of local processes and to take up appropriate opportunities for professional development
- is aware of, holds current information on and works within the requirements of the local procedures followed by statutory and voluntary agencies
- where possible identifies a local child protection/safeguarding adviser to support and advise the scheme with regard to local issues and procedures for protecting children.

5. Managing Allegations

Government is clear that all children, no matter what situation they are in, should be protected from abuse. If staff, volunteers or trustees see or hear anything which causes them to have concerns or to suspect that a child is being abused by someone within Home-Start they should follow the procedures

- if the allegation is against a trustee, member of staff or volunteer, the concern should be reported to the appropriate line manager, the scheme's Strategic Lead (normally the senior worker) and the Chair of Trustees immediately and to Home-Start UK
- the scheme's Strategic Lead, if not the subject of the concerns, is primarily responsible for taking all reasonable steps necessary to secure the safety of any child who may be at risk, by, for example, removing the person who is the subject of the allegation from any situation involving children. They will be supported by the safeguarding/child protection team and by the Local Authority Designated Officer (LADO)
- the Chair of Trustees and/or senior member of staff are responsible for liaising with the police/LADO, Children's Social Care about allegations
- it is important to remember the scheme's protocols for confidentiality and only those with a need to know should be privy to the details of the situation. This is particularly so for allegations of sexual abuse
- paper and electronic records relating to the allegation should be made secure to prevent them being removed or changed
- Irrespective of the action by Children's Social Care or Police, trustees should inform Home-Start UK and follow the appropriate procedure which will normally include without prejudice suspension of the trustee, staff or volunteer pending investigation. Following the investigation, disciplinary procedures may need to be invoked. See disciplinary procedures and Information governance policy (which includes confidentiality and information sharing). Schemes are also advised to contact DAS.

In the case of a member of staff reporting concerns about a colleague, refer to the Responsible Reporting policy which details the appropriate support which should be provided, i.e. the right to advice and support, and to information about legal representation.

6. Ensuring the Quality of the Home-Start Service

Home-Start complies with Home-Start Quality Assurance standards and undertakes self-assessments in order to check and improve its practice.

Home-Start policies and procedures are informed by national guidance and protocols and are regularly updated.

All Mandatory Home-Start UK policies and procedures are adopted and implemented by schemes and are fundamental to effective practice within Home-Start for carrying out responsibilities for safeguarding, protecting and promoting the welfare of children. Schemes should refer to the [policy list](#) on the Intranet for further information.

Roles and Responsibilities within the Scheme
